

Dr. Aym's Hematology Center & Clinical Laboratory

(Registered as Specialized Laboratory vide No. DHSK/Reg/39/2006)

Govt of JK ICMR - 190010, Srinagar

Tel: +194-3552190

Patient ID : 232028

Center : C-19 :23

Registration Date : 27-09-2020

Name : Nawab Ahmad Reshi

Sample Collection Date: 27-09-2020 16:10hrs

Age/Gender : 30 (Male)

Printed on : NA

Sample Type : Naso/Oropharyngeal Swab Collected at : SXR-Airport-9

Ref. By : NA

COVID - 19 VIRUS (Truenat-Molbio system)
chip-based Real Time PCR Test for SARS CoV-2

Sample Type: Nasopharyngeal Swab

Covid – 19 Virus Qualitative RT-PCR:

Negative

Interpretation:

Positive: Both E-Gene & RdRP-Gene detected.

Negative: E-Gene not detected.

Note:

1. ICMR Registration number for Covid – 19 is **DHKS27**
2. Negative result does not rule out the possibility of Covid-19 infection. Presence of inhibitors, mutations & insufficient RNA specific to SARS-CoV-2 can influence the test result. Kindly correlate the results with clinical findings. A negative result in a single upper respiratory tract sample does not rule out SARS-CoV-2 infection. Hence in such cases a repeat sample should be sent. Lower respiratory tract samples like Sputum, BAL, ET aspirate are appropriate samples especially in severe and progressive lung disease.
3. Kindly consult referring Physician / Authorized hospitals for appropriate follow up.

Comments: Coronaviruses (CoV) are a large family of viruses that cause illness ranging from the common cold to more severe diseases such as Middle East Respiratory Syndrome (MERS-CoV) and Severe Acute Respiratory Syndrome (SARS-CoV). Coronaviruses disease (COVID-19) is a new strain that was discovered in 2019 and has not been previously identified in humans. Common signs of infection include respiratory symptoms, fever, cough, shortness of breath and breathing difficulties. In more severe cases, infection can cause pneumonia, severe acute respiratory syndrome and kidney failure.

Dr. Tamkeen Masoodi (9720)

MD (Pathology)
Clinical Attachments at Kings College London
& Hammersmith Hospital London (UK)
